To be eligible for this experience you must be:

- Currently enrolled in a medical school that maintains a student education agreement with CHI Mercy Health for student rotations;
- Responsible for securing the rotation with the provider(s) and submit all clearance documents (application, criminal background check, drug screen, confidentiality agreement, insurance certificate, immunization records, etc.) a minimum of forty-five (45) days prior to the date the rotation is scheduled to begin;
- Responsible for completing orientation with a representative from Medical Staff Affairs prior to beginning rotation; and
- Responsible for wearing an identification badge, issued by Security, that has been cleared by Medical Staff Affairs.

CHI Mercy Health has contracts with medical schools throughout the nation to provide clinical rotations for currently enrolled medical students.

Placements are arranged directly by the educational institution and the provider(s) with whom the student will be completing their rotation with. Interested students whose schools do not presently have a contract with our hospital are encouraged to discuss their interest with their schools. Medical students must complete the clearance process with Medical Staff Affairs to be eligible to complete a rotation.

Questions regarding medical students can be directed to: 541-677-4373 or by emailing melissaragon@chiwest.com.
