STUDENT AFFILIATIONS/INTERNS

To be eligible for this experience you must be:

- In an educational program that requires hospital experience before you can graduate;
- In a program that has a contract with CHI Mercy Health for student experiences;
- Required to complete a hands-on, patient-care rotation; and
- Interested in having this experience at a CHI Mercy Health facility.

CHI Mercy Health has contracts with colleges throughout the nation to provide professional training for their clinical or business students.

Students must be enrolled in an accredited university or college training program that leads directly to certification, registration or licensure in a health are profession to be considered for a clinical placement.

Placements are arranged directly by the educational institution and the hospital. Interested students whose schools do not presently have a contract with our hospital are encouraged to discuss their interest with their schools.

Questions regarding placement can be directed to: 541-677-2368 or by emailing evelynklemmer@chiwest.com.
